Discount prices on everything.

The Argos prices shown in this catalogue are, where possible, compared with Recommended Retail Prices as provided by our suppliers. Where Recommended prices are not available, generally, our suppliers have provided Comparative Retail Prices. In respect of those items marked with an asterisk, the Comparative Price has been established by comparing our price with the prices being charged by other national printers at the time of printing the catalogue. All Recommended and Comparative Prices were obtained prior to June 1979 and have been adjusted where necessary by any subsequent alterations in VAT which occurred prior to the printing of the catalogue.

All sizes and quantities are approximate. It is possible that descriptions may have changed or the supplier, for instance, has altered his specifications or that there has been a change of the supplier after the catalogue has gone to press. This catalogue, published in August 1979, supersedes all previous catalogues and remains in effect until further notice. Argos prices stated in the catalogue were established during June 1979. Sales contract is compiled with all possible care, but the publishers do not hold themselves responsible for errors or omissions.

Attractive gift vouchers.

For personal use.

You can obtain Gift Vouchers at all Argos Showrooms. They are available in units of £1, £2 and £5. They make

ideal presents for all occasions and are so convenient to send by post.

As incentive prizes, Argos Gift Vouchers make a attractive prizes for staff incentive schemes for companies, clubs and trade associations. They have the advantages of simplicity and acceptability—with a ready-made catalogue of high quality, famous-name products at discount prices and Argos Showrooms throughout the country. You may qualify for a cash rebate on bulk incentive orders. If you are planning a prize incentive scheme, we shall be pleased to help you—just ring 01-451-1303, extension 58.

No hidden extras.

Argos prices already include VAT so there are no 'hidden' extra costs to pay. Because our prices are low, you also pay less VAT. Our trading policy is to provide you with big savings on everything we sell, but in the event of VAT changes, or for any other reason beyond our control, we may have to make adjustments, so please check against the Master Catalogue in your Argos showroom.

CAUTION ON CARE AND USE OF CASSETTE REPRODUCERS AND CASSETTE TAPES.

After a period of time, the sound on playback can become muffled or in extreme cases almost inaudible.

This is most frequently not a machine fault but a build-up of oxide on the tape playback/wind heads. This can be avoided by regular use of a head cleaner every 5-7 hours playing time.

Sound may also become distorted, tapes play slowly or jam. Again the most common cause of this is oxide and dirt build-up on the tape transport mechanism. Regular use of a head cleaner will prevent this build-up.

Another cause of slow running can be that (1) battery operated: the batteries are exhausted. Always use High Power, NIP or Alkaline-Manganese M.M. types.

Avoid the use of C60 tapes. The tape film of these tapes is thinner than C90 and C90 tapes and are therefore prone to stretching. This in turn leads to tape breakage.

Make sure that you do not leave cassettes in the machine in "play" mode when turned off! This is especially important in the case of in-car units where the initial power surge caused by restarting can cause tape to loop and therefore jam or break. Always eject cassettes before turning off ignition or machine.

Do not leave a cassette or tape in direct sunlight.

Before installing in-car units, check that polarity of car and machine match. Incorrect polarity can cause irreparable damage to the unit.

The Elizabeth Duke collection offers you more jewellery for your money

Mr. Bruce Edwards, a Fellow of the Gemmological Association of Great Britain, has been responsible for the selection of our prestige range of elegant jewellery by Elizabeth Duke. Mr. Selwood writes:

"Thank you very much for why the Elizabeth Duke collection offers you more jewellery for your money. Firstly, we have cut out the middle man—we buy direct. Secondly, we buy ahead to avoid the morass created by the over-rising costs of gold, silver and precious stones. Thirdly, apart from jewellery, we sell a wide range of products so our huge turnover enables our Jewellery Division to operate without the jeweller's traditionally high profit margins."

Full Satisfaction or Money-Back Guarantee

The life-time skills of experts ensure the value of the jewellery you buy from us. With each engagement ring or eternity ring you have the extra security of a Valuer's Certificate.

The law lays down specific requirements for hallmarked gold and silver jewellery. Elizabeth Duke jewellery fully meets those requirements. But whatever you buy you also have the reassurance of our money-back guarantee (see page 3 of this catalogue).
